

STOP! WOMEN, AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with woman's diseases covers a great many years. You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accepted this invitation. Note the result.

First letter.

"Dear Mrs. Pinkham:—
"For eight years I have suffered something terrible every month with my periods. The pains are excruciating and I can hardly stand them. My doctor says I have ovarian and womb trouble, and I must go through an operation if I want to get well. I do not want to submit to it if I can possibly help it. Please tell me what to do. I hope you can relieve me."—Mrs. Mary Dimmick, 59th and E. Capitol Sts., Benning P. O., Washington, D. C.
Second letter.

"Dear Mrs. Pinkham:—
"After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their value and what you have done for me."

"As you know, I wrote you that my doctor said I must have an operation or I could not live. I then wrote you, telling you my ailments. I followed your advice and am entirely well. I can walk miles without an ache or a pain, and I owe my life to you and to Lydia E. Pinkham's Vegetable Compound. I wish every suffering woman would read this testimonial and realize the value of writing to you and your remedy."—Mrs. Mary Dimmick, 59th and E. Capitol Sts., Benning P. O., Washington, D. C.

When a medicine has been successful in restoring to health so many women whose testimony is so unquestionable, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

Quite a Character.

Lewey Brothers, of North Hero, is quite a character. He lives in a tent and subsists on a pension and what he makes by hunting, trapping and fishing. His tent is situated on Harrington's point, just west of Bow and Arrow point. When he appeared in Montpelier recently a reporter saw him and this is what he wrote when he recovered from his surprise:

"Joseph Jefferson had a real rival in the character of Rip Van Winkle at the Central Vermont station this morning. Louis Brothers, who said he hailed from North Hero, dropped in on the city, blinked his eyes, and started for a barroom. He was clad in corduroy pants with leggings, had a brown canvas coat on, a campaign hat of the B. C. style, a long white beard and long hair completing the make up except for the canvas cover swung over his back which was shaped like a rifle.

"If he was once asleep he played the awake scene to the queen's own taste for he was very much alive and willing to talk. He said he was 82 years old and nobody disputed the veracity of

the statement, and it is doubtful if they would have if he had tacked on twenty more. He said he was born in Quebec and demonstrated that he could get his tongue around the French language. He said he drove a stage coach from Montpelier to St. Albans fifty-two years ago before the railroad was built. When asked about the route he took he pointed toward the hills on his left and said he drove through Fairfax.

"He was asked why he carried his rifle and said it was not a rifle but two sabres and these he took along just for fun. He had a match box on one side of his coat and carried enough to keep a fire going in the stove for some time.

BIDS WANTED.

Sealed proposals are wanted for removing the bell from its present location in the Spaulding School tower to the tower of the new fire station. All bids must be handed in to the City Clerk by 7 o'clock Tuesday evening, April 18th.

EQUITABLE AGENTS POUR INTO NEW YORK CITY

Host of 67, With Wives, Come to Aid
Alexander—Company Pays for the
Junket—Will Say the Fight
Is Hurtful.

New York, April 18.—President Alexander and his chief lieutenant in the Equitable Life Assurance Society, Gage E. Tarbell, played their trump cards yesterday by bringing to New York sixty-seven general agents of the company and their wives from all parts of the United States. The agents are quartered luxuriously at the Hotel Savoy. They came from as far West as California, and as far South as Texas. They are here avowedly to wage war on James H. Hyde, the young vice president and majority stockholder of the association, they being Alexander and Tarbell men.

The general agents are here at the expense of the Equitable Society and will remain a week. The junket will cost the society \$25,000. A meeting of the general agents will be held at the Hotel Savoy, when they will adopt resolutions endorsing the Alexander and Tarbell policy and declaring that the intercorporate fight in the society must cease. They declare that it is impossible to obtain new business in any part of the country, owing to the Equitable fight.

President Alexander and Tarbell called at the Savoy yesterday and spent a couple of hours, shaking hands with the general agents and talking over the insurance situation in various parts of the country. Both will be at the meeting today.

GOT FOUR MONTHS.

Frank Herbert of St. Albans Sold Liquor Illegally.

St. Albans, April 18.—Frank Herbert, whose place of business on Lake street was raided Saturday evening and a five-gallon keg of whiskey seized, was arraigned in city court before City Judge Lee S. Tillotson yesterday, charged with keeping intoxicating liquor for sale. Herbert, who was represented by Fuller C. Smith, pleaded guilty and was sentenced to four months at hard labor in the house of correction at Rutland. In the case of state vs. intoxicating liquor the liquor was adjudged forfeit and ordered destroyed.

Charles Rugg of Orange was arraigned before Judge Tillotson to answer to a charge of tramping. After trial he was found guilty and fined \$5 and costs with the usual alternative sentence in the house of correction at Rutland. Mr. Rugg, when asked what his age was, remarked that it was too far back to remember and intimated to the state's attorney that his questions were "foolishnesses."

AN AGED PRISONER.

Man 94 Years Old Charged With Committing Murderous Assault.

Burlington, April 18.—A prisoner was brought to the county jail yesterday who is decidedly in a class by himself. His name is John Galvin and he bears the great age of 94 years. He is charged with committing a murderous assault upon a fellow townsman in Charlotte. He has just been bound over by justice Higbee and was brought here in default of furnishing bail.

He was examined by physicians and they were of the opinion that it is a case of senile debility accompanied by homicidal mania. The old fellow is not very strong and has apparently suffered some sort of shock. He does not appear insane and talks rationally enough. He is a Civil War veteran. He fully looks like a man who is nearing the century mark. His offense consisted of trying to knock a man out with a heavy club.

ABSOLUTELY PURE.

Are All Samples of Maple Sugar Thus Far Examined.

Burlington, April 18.—The chemists at the State Laboratory are particularly busy these days examining samples of maple sugar and syrup under the provisions of the pure food law. These have come from all parts of the state but without exception the samples tested have been found absolutely pure. These samples have been picked up in open market as per the provisions of the law.

The names, addresses and the name of the articles of food found upon examination at the laboratory to have been adulterated will be published in full in the June number of the bulletin issued by the state board of health.

The name of the firm selling impure baking powder, of which the papers have had some account will also be published in this bulletin.

It is thought that not in years has there been such a fine quality of maple products produced in Vermont as that now been marketed.

WILL PROLONG SUGAR SEASON.

A Second Edition of Winter at Enosburg Falls.

Enosburg Falls, April 18.—A decided change in the weather took place in the last twelve hours, and yesterday morning winter set in in good earnest. It snowed a good deal during the night and snowed hard again yesterday morning. A heavy southwest wind prevails. This will doubtless prolong the sugar season, which was thought to be very nearly over.

PAW-PAW
Purifies the Blood
and Cures Catarrh

MUNYON'S INHALER FREE

Package of Paw-Paw Pills Given With
PAW-PAW

Buzzing or ringing in the ears has broken down more nervous systems, caused more deafness and sent more people to the insane asylum than any other cause. These signs, however, are simply expressions of Catarrh. Cure the Catarrh and there will be no buzzing, no ringing, no unpleasant noises—there will be no dropping of mucus into the throat, lungs or stomach.

My Paw-Paw and Inhaler treatment is doing a most humane work. Thousands of testimonials are coming from all parts of the country, declaring that this treatment is the most satisfactory of anything they have ever tried.

The Paw-Paw purifies the blood and drives all catarrhal poisons from the system. It cures Indigestion and nearly every form of nervousness. The Inhaler reaches the sore spots, heals the raw places and goes right to the seat of disease. It sends clouds of medicated air into obscure passages. It washes them. It soothes them and soon puts them in a healthy condition.

Nothing that has ever been discovered is doing so much for the cure of Catarrhal deafness as this treatment. It allays the inflammation of the Eustachian tubes, so that the swollen and inflamed membrane is reduced and the hearing is gradually, but positively restored.

To make my Catarrh treatment complete in every respect, I am giving away my \$1.00 Inhaler absolutely free. I am also giving away a package of Paw-Paw Pills and a package of Catarrh Tablets.

I want people to take my Paw-Paw at least four times a day; use the Inhaler as often as convenient and be sure and take a Paw-Paw Pill every night on retiring and to snuff or inject into the nostrils the solution made from the Catarrh Tablets.

I know it will cure Catarrh: I know it will cure Indigestion; I know it will cure Nervousness; I know it will build up the general system. If you cannot obtain the complete treatment from your druggist, send me one dollar and I will send it by express, charges all paid.

TO ENFORCE TROUT LAW.

Bennington County Sportsmen Active in the Matter.

Bennington, April 18.—That the trout fishermen of Bennington county are determined to put a stop to all illegal fishing during the coming season was plainly manifested at a special meeting of the Bennington Fish and Game club held at Armory hall Saturday evening. Many of the most prominent men in the village will take an active interest in the enforcement of the six inch law and will do all in their power to prohibit a repetition of the illegal practices that in previous years have been carried on in this vicinity. The county game warden, Harry Chase who has proved himself energetic in the detection of unlawful deer hunting, was present at the meeting. He will devote his entire time, and will appoint deputies, if necessary, to see that the law is obeyed.
